DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3/1/04 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Williamson on 4/15/04.

In claims:

Claims 1 and 18: line 9; please delete "opposed" and insert "directly adjacent", in line 14; please delete "opposed" and insert "directly adjacent" and in line 19; please delete "opposed" and insert "directly adjacent".

Allowable Subject Matter

1. Claims 1-5, 13-15 and 18 are allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 1-5, 13-15 and 18 is the inclusion of the limitation of a recording apparatus comprising a control portion controls to reduce or eliminate the attraction force of the endless belt member to the recording medium stopped at the position directly adjacent to the recording device in accordance with the detection signal from the conveyance failure detection element. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
